

Aluminium Slat Pool Pump & Pool Blanket Enclosures

Our range of Aluminum slatted pool pump housings and pool blanket boxes offer a clean and tidy solution to keep your pool area looking smart and tidy. Our slats will not rust, warp or require painting and offer a cost effective alternative to high maintenance timber screens.

i

Slats come in a range of colours and profiles and can be powder coated to any colorbond colour range

i

All internal frame work also fabricated using non-corrosive aluminium

i

We have a wide range from standard designs which vary in price to custom tailored designs

Suitable Usage

- Housing pool pump equipment
- Housing pool blanket rolls
- Hiding service units such as airconditioning units and or water heaters
- Storage solutions, eg, for garden toys or camping equipment

Panel Details

- Powder coated or timber effect aluminium slats available in sizes, 38mm, 65mm and 100mm
- We have stand alone, or bolt down options for fixing down housings
- Polymer hinges used on all openings and have options of gas struts for opening assistance
- **Minimal maintenance**
 - No rusting as all aluminium
 - No components constructed from steel
 - Just wiped down with warm water to maintain
 - No repainting or varnishing required
